How to read this document

Each case has two sections. The first is the Gallery Tile Copy: the short badge, title and subtitle that appear on the thumbnail in the gallery grid. The second is the Case Study Copy: the full text that appears inside the lightbox when a visitor clicks on the case. Both sections are written and ready to use.

CASE 1 Aligned Without Compromise

INVISALIGN

A Natural Smile Makeover

Female . 20s . Delhi

SPECIALIST Dr. Neha Sachdeva	TREATMENT Invisalign Clear Aligners
APPROACH Zero drilling, zero enamel loss	RESULT Natural alignment, full confidence

THE CHALLENGE

She came in with one very specific question: "Can you improve the appearance of my teeth without damaging them?" Years of being offered drilling-based solutions had made her deeply wary of cosmetic dentistry. She wanted a better smile, but not at the cost of her natural tooth structure.

THE TREATMENT

Dr. Neha prescribed Invisalign clear aligners: the modern, minimally invasive way to straighten and transform a smile without touching healthy enamel. No drills. No cuts. No damage. Just a series of custom-fit transparent aligners that gradually moved her teeth into their ideal positions.

THE RESULT

"I finally have the smile I wanted, and I still have every bit of my natural teeth. Nobody could even tell I was wearing aligners."

Nikhil's Paris-to-Delhi Transformation

Male . NRI . Returned from Paris after 10 years

SPECIALIST Dr. Neha Sachdeva	TREATMENT Invisalign + Veneers + Frenectomy
ORIGIN Paris, France	RESULT Complete dream smile

THE CHALLENGE

Nikhil had lived in Paris for 10 years. He had access to some of the best dental care in Europe. He still chose to come home to VinSmiles. His smile had multiple concerns: misalignment, proportions that bothered him, and a frenum (the tissue band between the front teeth) that was creating a visible gap. He wanted a complete transformation, not a partial fix.

THE TREATMENT

Dr. Neha designed a coordinated plan combining three disciplines. Invisalign aligners addressed the underlying misalignment first. A frenectomy removed the frenum causing the central gap. Dental veneers then completed the aesthetic transformation, creating the precise proportions and finish Nikhil had envisioned. Each stage was sequenced so that the final result was cohesive, not piecemeal.

THE RESULT

"After 10 years in Paris, I came back to Delhi for my smile. That should tell you everything about how much I trust Dr. Neha and VinSmiles."

CASE 3 A Story Worth Rebuilding

FULL MOUTH REHAB

A Story Worth Rebuilding

Full Mouth Rehabilitation . 5mm bite raised

FULL CASE STUDY COPY

FULL MOUTH REHABILITATION

A Complete Rebuild, Top to Bottom

Male . Long-term tobacco user . South Delhi

SPECIALIST Dr. Neha Sachdeva	TREATMENT Full Mouth Rehab + Smile Makeover
BITE Raised 5mm	RESULT 100% confidence restored

THE CHALLENGE

Years of tobacco use, combined with natural wear and untreated tooth loss, had left this patient with severe staining, significant bite collapse, and multiple missing teeth. His mouth told the story of years of deferred care. He arrived at VinSmiles not knowing if recovery was even possible at this stage.

THE TREATMENT

Dr. Neha began with a complete clinical assessment and designed a Full Mouth Rehabilitation plan from the ground up. Missing teeth were addressed, and the bite was reconstructed and raised by 5mm to restore proper function and facial support. Staining was treated as part of a comprehensive smile makeover included in the rehabilitation plan. Every element was sequenced so that function was restored before aesthetics were finalised.

THE RESULT

"5mm bite raised. 100% confidence restored. I walked in not believing this was possible. I walked out with proof that it was."

CASE 4 Malini's Two-Appointment Transformation

Malini Rajpal's Dream Smile

Female . Luxury Real Estate Consultant . Greater Kailash II, New Delhi

SPECIALIST Dr. Neha Sachdeva	TREATMENT Smile Makeover
DURATION 2 appointments only	RESULT "The best experience ever at a dental clinic"

THE CHALLENGE

Malini Rajpal is a luxury real estate consultant based in GK2. Her work places her in front of clients constantly. Like many professionals, she had put off addressing her smile for years, assuming it would be a long, complicated, multi-visit process that she simply did not have time for.

THE TREATMENT

Dr. Neha assessed Malini's case and designed a smile makeover achievable in just two appointments. Using VinSmiles' state-of-the-art technology and Dr. Neha's expertise as a smile makeover specialist, the transformation was completed efficiently without

compromising on precision or aesthetics. Malini was back to her clients with a new smile faster than she thought possible.

THE RESULT

"The best experience ever at a dental clinic." Malini's words. Unprompted. On camera. The first thing she said when she saw her smile.
